To Whom It May Concern:

This letter of recommendation is in support of Mr. John Lee, and Mrs. Garcia's Catering.

Mrs. Garcia's has provided catering services for the American Red Cross of Greater Los Angeles for several years now. They have proven to be very reliable and more importantly, the food simply fabulous! Their prices are very competitive too.

Having worked with John personally, I have found him to be a very honest and very professional. John's dedication and commitment to seeing that his meals are of the highest quality goes without saying. His presentation of said meals cannot be matched.

Always going that extra mile and taking the initiative to provide you with a meal that is not only satisfying, Mr. Lee is truly someone you should consider catering your event. I guarantee you will not be disappointed.

If you need further information regarding his ability, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Gwendolynne Parrish".
